## PRINCIPAL'S / SCHOOL IMPROVEMENT COUNCIL REPORT

Lake View Elementary School has had a very active school year. Students, faculty, parents, businesses, and community have been involved in learning activities to benefit our school and community. The following are some of our accomplishments:

- \*Ninety six per cent of our parents had conferences with their child's teacher.
- \*Third and fourth grade teachers received an EIA unit grant to educate parents in four workshops about PACT and SC Standards.
- \*The school wrote and received a TLC grant, which purchased four computers in each classroom, with internet connections, technological instruments for classroom use, and a 26-unit computer lab.
- \*We started the Lightspan curriculum (computer based) for the labs and classrooms including having in-service for faculty.
- \*After-school and summer school programs for at-risk students were offered.
- \*"Reading Counts", a technological reading program with a management system was ordered this past year and will be fully implemented next year.
- \*LVE is continuing the co-curriculum activities with students and the community including, Grandparent's Day, Parent's Day, Open House, Career Day, Field Day, Computer Nights, Award's Day, Honors' Reception, and the Fall Carnival. Bake sales, where the money is used for some service projects like the Cancer Drive, Santa Care, St. Jude's Math-A-Thon, Jump Rope for Heart and S.A.V.E.(students against violence everyday, were held.
- \*Ninety-eight percent of LVE students received the Governor's Reading Award.

We appreciate the efforts of the PTO, School Improvement Council, businesses, and the community. The PTO raised funds to help in school projects. The SIC helped developed a five-year plan for the improvement of our school. Several local businesses and civic groups donated books and dictionaries for the classrooms and gave awards for student achievement. Our number of volunteers for the school increased over 50% this year.

In some grades student-teacher ratio is a problem. If we could decrease our class sizes to less than twenty students, we would all reap the benefits.

Truly our students at LVE are very special and with the help of a caring faculty, parents, and community, we will excel.

D. Scott
